### Sociology (SOCI)

**SOCI 201 INTRODUCTION TO SOCIOLOGY (3)**
A general overview of the concepts, theories, research methods, and findings of sociology. The purpose is to train students to view the world through a sociological perspective. Satisfies GE Level D1 (Individual and Society).

**SOCI 263 SOCIOLOGY OF RACE AND ETHNICITY (4)**
This course examines race and ethnic relations in the US from a theoretical, historical, and comparative perspective. Explores the emergence of racial and ethnic minorities through such historical processes as colonialism, slavery, and immigration. Studies the current relations among racial and ethnic groups in the US. Satisfies GE Area D1 (Individual and Society), Ethnic Studies.

**SOCI 300 SOCIOLOGICAL RESEARCH METHODS (4)**
Consideration of the ways in which sociological questions are formulated and answered. Examination of and practice in conceptualization, theory construction, deductive and inductive reasoning, and other elements of sociological analysis, with an emphasis upon sociological research methods. Required for majors.

**SOCI 301 STATISTICS FOR SOCIOLOGISTS (4)**
Introduction to descriptive and inferential statistics for the social sciences. Emphasis on the integration of statistical analysis with sociological approaches to theory, research design, data collection, and presentation of quantitative research. Introduction to statistical analysis software in lab setting. Recommended for majors. Grade only.

**SOCI 306 CAREERS IN SOCIOLOGY (4)**
Explores and investigates careers related to sociology from a sociological perspective, particularly careers undergraduate students can enter. Careers explored across four areas: private/for-profit sector, nonprofit/philanthropic sector, public sector (city, county, state, and federal government), and academia (including graduate school). Professional skills and professional portfolio also developed.

**SOCI 312 SOCIOLOGY OF GENDER (4)**
Considers gender as a social construction and a product of social life. Analyzes how gender inequalities shape social structures, institutions, and interaction for both women and men. Challenges biological explanations for gender differences and inequalities. Focuses on analysis of gendered experiences as they relate to race/ethnicity, class, and sexualities.

**SOCI 314 DEVIANT BEHAVIOR (4)**
The social causes and consequences of insanity, delinquency, criminality, addiction, social unconventionality and other “deviant” behaviors. Examines the conversion and commitment to deviant world views, and the social processes involved in the transformation to a deviant identity. Cross-listed as CCJS 441.

**SOCI 315 SOCIALIZATION (4)**
Analysis of the social processes through which human beings are inducted into social groups, in both childhood and adulthood. Particular attention is given to the socializing effects of schools, work, family, and friends.

**SOCI 317 EMOTIONS AND ADULT LIFE (4)**
Emphasizes the social context and social development of emotional responses throughout adulthood. Analyzes the reciprocal relations between social definitions and subjective feelings in connection with life events. Addresses both basic emotions such as fear, anger, pleasure, and excitement, and the more complex emotions such as love, jealousy, grief, sympathy, pride, shame, and despair. Cross-listed as GERN 317. Satisfies GE Area E (Integrated Person).

**SOCI 319 AGING AND SOCIETY (4)**
Examination of aging throughout adulthood. Analysis of theories of aging, their foundations in social science theory, and their policy implications. Exploration of the meanings and consequences of increasing longevity for society and the individual, with emphasis on the social psychological implications for women, minorities, and those who are poor. Cross-listed as GERN 319. Satisfies GE Area D1 (Individual and Society).
SOCI 326 Social Psychology (4)
Introduces relationships between self and society, including the formation and change of attitudes and values, interaction and interpersonal dynamics, and the cultural influences on them. Topics include symbolic interactionism; personal and social identities; motivation; prejudice; and the consequences of ethnicity, class, and gender. Satisfies GE Area D1 (Individual and Society).

SOCI 330 Sociology of Media (4)
This course will conduct an analysis of structural censorship in the United States and the importance of a free press for the maintenance of democratic institutions in society. Students will become familiar with independent/alternative news sources and prepare summaries of news stories for public release.

SOCI 332 Death and American Culture (4)
Examination of the relation of cultural values to practices, attitudes, and views about death. Application of sociological and social psychological theories to topics on death and dying, such as death conceptions, terminal care, suicide, war, and grief. Emphasis on the social psychology of dying, caregiving, grieving, and being suicidal. Cross-listed as GERN 332.

SOCI 335 American (U.S.) Society (4)
Study of the major values, institutions, and social organizations in the United States. The social sources of change and stability in U.S. society.

SOCI 336 Investigative Sociology (4)
This is a service-learning course emphasizing the development of sociological research for popular press publication. Students will learn interviewing techniques, review sources of public information, and use of the freedom of information laws. Students will write and investigate social justice news stories using sociological research methods, and prepare a report for popular press publication.

SOCI 340 Drugs and Society (4)

SOCI 345 Sociology of Families (4)
Analyzes family as a social institution. Examines the interconnections between families and other institutions, with a focus on family change. Considers how families are affected by structures of race/ethnicity, class, gender, and sexuality. Examines and challenges ideologies about families.

SOCI 347 American Class Structure (4)
An overview of stratification in the United States. Analysis of the effects of this system on those who participate in it, through the study of theoretical, ethnographic, and community studies. Analysis of how class affects power, prestige opportunity, culture, and consciousness, as well as the interaction of ethnicity, gender, and class.

SOCI 350 City and Community Life (4)
Examination of the social psychology of urban and community life. Particular attention will be paid to the analysis of the culture of public life, place and place attachment, patterns of interaction in urban and neighborhood settings, and the sociological debate surrounding loss of community.

SOCI 360 Sociology of Sexualities (4)
An overview of sexuality across institutions of society. Uses theoretical, conceptual, and empirical tools to analyze sexuality as a social fact. Explores the social construction of sexuality and how sexuality is socially created organized and constrained.

SOCI 365 Human Services Administration (4)
Preparation for sociological practice in human service agencies, both public and private nonprofit. Includes training in such skills as organization planning, grant writing, volunteer management, report writing, communication consulting, and group dynamics. Discusses the ethics and professional responsibility of sociologists.

SOCI 366 Juvenile Justice (4)
An exploration of the nature and extent of juvenile delinquency, with emphasis on serious or violent crime. The major theories of delinquency causation will be reviewed. The course will be devoted to the juvenile justice system and how it processes youths accused of crime. The nature and function of all major segments of the juvenile justice system will be discussed, including law enforcement, juvenile court, and corrections. The legal rights of juveniles will also be reviewed. Finally, the current policy issues in juvenile justice will be explored. Cross-listed as CCJS 497.

SOCI 375 Sociological Theory (4)
A critical examination of the writings of major classical and contemporary sociological theorists, including Marx, Weber, and Durkheim. This course will involve students in critical analysis of central sociological theories and offer them tools for understanding the development of sociological theory and its unique role in sociology. Satisfies upper-division GE Area D1 (Individual and Society). Required for majors.

SOCI 377 Contemporary Sociological Theory (4)
Emphasis on contemporary trends in theory, including topics such as culture, social identity, modernity, and post-modernity, and the social construction of knowledge and reality. Includes critical assessment of problems, methods, and theories characteristic of sociological inquiry in the 20th and 21st centuries. Prerequisite: SOCI 375 recommended but not required.

SOCI 380 Political Sociology (4)
An analysis of the relationship between political processes and ideologies and the larger society. Emphasis on the social consequences of power arrangements, political economy, and political structures. Comparisons between societies will be made.

SOCI 381 Population and Society (4)
Variables such as gender, race, ethnicity, age social development, politics, and environment are explored in relation to population change. The uses of population studies for consumer marketing, political campaigns, jury selection, and social planning are addressed, with an emphasis on California and Sonoma County concerns.

SOCI 382 Social Movements and Collective Behavior (4)
Social movements are a significant source of social change in modern societies. This course analyzes the structure and dynamics of social movements, with attention to the roles of organizations, resources, leadership, recruitment, commitment, values, ideology, political culture, and countermovements. Case studies will emphasize the civil rights, women's rights, and environmental movements in the United States.

SOCI 383 Social Change (4)
Theories and methods for analyzing social change past, present, and future, such as: the relationship of the plow, steam engine, and computer to the rise of the agricultural, industrial, and information ages; and the development, dissemination, and impact of such major technologies as the printing press, the automobile, VCRs, and computers.

SOCI 384 Sociology of Consumption (4)
This course explores how goods, commodities, and market logic have saturated all forms of contemporary social life. Analysis of the theoretical ideas and historical factors that shape and influence modern consumerism are also considered. Explores how the dynamics of globalization and issues of identity politics influence consumer consumption.

SOCI 385 Sociology of Culture (4)
Examines the role culture plays in consensus formation, in domination, in resistance, and as a social force creating meaning in our lives. Culture refers to shared beliefs, values and norms, personal and political identities, ideologies, and the things we consume daily.

SOCI 414 Methods Seminar: Social Interaction (4)
Examination of everyday interaction in natural settings. Emphasis will be placed on ethnographic approaches to the understanding of social encounters, situations, identities, and human relationships. Particular attention will be given to the work of Erving Goffman.
SOCI 417 Sociology of Mental Illness (4)
Identifies the social sources of behavior defined as mental illness. Compares and contrasts psychological, biochemical, and sociological theories of insanity. Analyzes psychiatry and other forms of therapy, mental hospitals, the role of the mental patient, and mental health policy.

SOCI 418 Methods Seminar: Social Development of the Self (4)
Examination of the social sources of self-concept, personal identity, and individual world views. Special attention will be given to the theories of Mead, Cooley, James, and Schutz, as well as to research techniques for the study of social identity, its development and change.

SOCI 425 Methods Seminar: Urban Sociology (4)
Examines the social consequences of the transition from rural to urban forms of social organization. Special attention directed to the social structural, cultural, and social psychological characteristics of urban life.

SOCI 431 Sociology of Religion (4)
Study of world religions (Buddhism, Christianity, Confucianism, Hinduism, Islam, Judaism), tribal beliefs, and American sects and denominations. Theories of religious development, values, change, and effects on society. Satisfies GE Area C2 (Literature, Philosophies, Values).

SOCI 434 Cinema and Society (4)
An examination of film as a window to the social world and of sociology as a tool to understand it. The course uses films as data that can be analyzed to learn about such sociological topics as gender, crime, collective behavior, organizations, and the family. In addition, sociology is used to examine the structure and functions of film in contemporary society.

SOCI 435 Media Censorship (4)
Seminar provides an opportunity to gain new insights into social problems through an intensive analysis of the role and impact of mass media in contemporary society. Students will analyze the levels of coverage of important news stories in the United States.

SOCI 440 Sociology of Reproduction (4)
An exploration of sociological perspectives on human reproduction. Topics include reproduction and gender identity, the social implications of reproductive technologies, historical and contemporary perspectives on normal pregnancy and childbirth, the cultural context for breastfeeding, and the politics of reproductive rights and choices in the United States. Cross-listed as WGS 440.

SOCI 441 Methods Seminar: U.S. By the Numbers (4)
An empirical examination of individuals and institutions in U.S. society, with a focus on quantitative data. Teaches students about existing data sources, such as the U.S. Census and the General Social Survey, and how to analyze them. Provides preparation for work in policy analysis, organizational consulting, survey or market research, and other social science careers.

SOCI 443 Methods Seminar: Women and Social Policy (4)
Explores the effects of social politics and their implementation on women's lives. Analyzes the ideologies shaping these policies especially how gender intersects with race/ethnicity, class, sexuality, age, and religion to affect policy outcomes. Particular attention will be paid to conducting/analyzing focus groups.

SOCI 445 Sociology of Childhood and Adolescence (4)
Examines childhood and adolescence in various historical and social contexts. Topics may include gender, race, and class inequalities in childhood; the nature of preadolescence and adolescence as social problems; the changing relationship between childhood and families, schools, and economy; the prolongation of adolescence; and the significance of peer groups.

SOCI 449 Sociology of Power (4)
An analysis of the origin, development, dynamics, and application of power in human interaction, social organizations, and institutions. Problems of ensuring a balance of power and fairness in the exchange of needed services, benefits, and rewards will be emphasized.

SOCI 450 Punishments and Corrections (4)
A consideration of the problems created by pressures to punish and control criminals, the politics of control strategies. The use and misuse of probation and parole, the concept of correction, and alternatives to incarceration. Cross-listed as CCJS 450.

SOCI 451 Sociology of Education (4)
A survey of issues concerning the structure of education in contemporary society, such as the social organization of the classroom, grading practices, political influences on schools, the contribution of education to the maintenance of capitalist society, teacher unionization, and student rights.

SOCI 452 Methods Seminar: Health Care and Illness (4)
A dual focus on the social organization of health care and the social psychology of illness. Analyses of the structure of care, patient-practitioner relationships, and treatment ideologies. Emphasis on the patient's experience of illness, intimate relationships, and self-images.

SOCI 461 Social Work and Social Welfare (4)
The history of social welfare and social services in modern society. Comparison of government social services with nonprofit or private social services. Overview of major social service issues such as mental health, senior services, and aid to families. Recommended for anyone considering social work, counseling, or human service administration.

SOCI 463 Methods Seminar: Bureaucracies and Institutions (4)
Political, economic, social, and psychological analyses of administrative structures. The role of formal and informal organization, ideology in bureaucracy, decision making, morale, and conflict.

SOCI 470 Methods Seminar: Culture and Identity (4)
Examines culture as central to processes of meaning-making and identity. Explores identity politics as a form of resistance and domination. Focuses on the practice and analysis of ethnographic observation and in-depth interviewing.

SOCI 480 Methods Seminar: Sociology of Work (4)
A theoretical and empirical analysis of work in American society, examining the types of jobs open to women and men today, the rewards and dissatisfactions of these jobs, and how work has changed historically or may evolve in the future.

SOCI 482 Sociology of Environment (4)
This service-learning course focuses on relations among major social institutions and the environment, and between national and global social inequalities and environmental degradation are examined. Differences in class, race, and gender mean that some people are disproportionately burdened by consequences of environmental degradation. Socio-environmental perspectives and practical alternatives to our acknowledged ecological crises are explored, including environmental social justice movements, critical social analysis, and alternative socio-economic approaches to consumption and employment that foster ecologically sustainable societies.

SOCI 485 Organizations and Everyday Life (4)
Introduces key themes and concepts in the sociological study of organizations. Emphasis on applying theories and perspectives to organizational settings and circumstances likely to be encountered in everyday social life.

SOCI 488 Selected Topics in Service Learning (4)
Subject will vary by semester, but course has a required service learning component and concentrates on topics related to aspects of community based research and/or action research. May be repeated for credit with different topics.
SSCI 299 Sophomore Seminar: How to Think Like a Social Scientist (1)
Sophomores and Social Sciences faculty explore: What questions do social scientists ask? What evidence and methods do they use? How does theory shape social science research? Prepares majors for upper-division coursework, prospective majors to explore the social sciences, and all students to be social-sciences savvy citizens of the world.

SSCI 300 Introduction to Portfolio Development and Special Project (1)
Introduces the student to both the Liberal Studies Program and to the subject matter preparation program through a broad based, interdisciplinary approach that facilitates the student’s need to understand the underlying relationship among all the courses in the program of study.

SSCI 400 Portfolio Evaluation (3)
Contents of each portfolio will reflect the courses students have taken to complete the program, and will include organized examples of their achievement in each of the core courses in history, political science, economics, and geography, and in the courses they have chosen in the breadth/perspectives part of the program.

SSCI 444 Peer Facilitator (2)
Provides students experience in assisting an instructor in SSCI 299 by attending lecture, doing course-related research, working with small groups of students, and assisting the instructor(s) with course administrative tasks. Prerequisite: upper-division or graduate standing and consent of the instructor. May be repeated once for credit. Cr/NC only

SSCI 495 Special Studies (1-4)
A supervised study of a particular research question or area of interest selected by the student in consultation with a sponsoring faculty member. Regular meetings will be arranged for discussions and progress evaluations, and a term paper will be submitted. Grade only. May be repeated for credit up to 8 units, but only 4 units total of SSCI 490, 493, and 495 may be used toward the major or minor.

SSCI 496 Internship Practicum (1)
This is a concurrent course for students receiving sociology internship credit. Students will learn to view the internship experience through a sociological lens and as a means to explore workplace issues and career options. Concurrent enrollment with SSCI 499 is required when SSCI 499 is taken for the first time. May not be repeated for credit.

SSCI 497 Special Topics (1-4)
Exploration of basic social problems. Resource persons from other disciplines may participate. Themes and topics will vary. May be repeated for credit.

SSCI 498 Senior Seminar (4)
Capstone course for the major that requires advanced sociological research. Several different topics are offered each semester. Check department for current offerings. Required for all majors. Prerequisite: Open only to Sociology majors with senior standing who have completed SSCI 300, SSCI 375, and at least 16 additional units of sociology.

SSCI 499 Internship (1-4)
For advanced undergraduates in approved internships in organizational settings. Facilitates application of sociological insights to internship site, while also encouraging contribution to organization’s mission. Concurrent enrollment in SSCI 496 required when SSCI 499 taken for first time. May be repeated for credit for up to 8 units, but only 4 units may be used toward the major or minor. Prerequisite: consent of instructor. Cr/NC only.

SSCI 595 Special Studies (1-4)
Advanced research and writing. Students work under close supervision of faculty members. Subject matter can be variable. May be repeated for credit. Prerequisites: graduate status, consent of instructor, and completed special studies form.
