You will receive notification from the School of Education Credentials Office of whether your application is complete, and if not, what documents are required. Following review of applications, you will be notified in writing of your admission status. Separate university notification will come from the Admissions and Records Office. You must be admitted both to the University and to the specific credential program in order to register for classes.

Clear Induction Education Specialist Credential Program

Upon enrollment in the SSU Clear Induction program, the beginning teacher, support provider, and a member of the SSU School of Education faculty collaboratively design an Individual Induction Plan. The Individual Induction Plan builds on each beginning teacher’s assessed needs and outlines specific goals and activities for facilitating professional development.

A teaching position is NOT a prerequisite for the Clear Induction program. However, a position working with individuals with disabilities in some capacity is desirable to support your work in the program.

The SSU Clear Induction program aligns with our Master’s Degree in Education with an emphasis in Special Education.

Prerequisites:
- Valid Preliminary Education Specialist Credential

Admissions: Please note that our Clear Induction program admits candidates during the Fall term only.
