The California Global Education Project in collaboration with SSU School of Education and Student Affairs would like to announce the Fall SCHOLAR SERIES

The California Global Education Project promotes global competence for all students through high quality, standards-based, and interdisciplinary professional learning programs for PK-12 educators in California. CGEP collaborates with teachers, schools, districts, and education partners committed to developing global citizenship, which enhances curiosity, creativity, empathy, integrity, and agency while learning about personal, community, and global identities and issues.

10/13/18
DR. AARON BRUCE
“Diversity and Global Competency”

Dr. Bruce has served as the Chief Diversity Officer at San Diego State for 9 years. He works with campus leadership on policy development, strategic planning, equity, diversity and inclusion. He is the past President of the Southern California Association of Diversity Officers in Higher Education and is an International Multicultural Institute certified diversity trainer. He lives by the motto “awaken the sleep, empower the weak, and guide the strong.”

10am-12 Sonoma State University at the Cooperage
