SUBJECT: Submittal of Sonoma State University Asbestos Testing for June 2017

Sonoma State University is providing with this letter asbestos testing results for the Month of June for review and comment. The University has made every effort to implement an effective Asbestos Management Program that meets and exceeds all Cal/OSHA and EPA requirements.

You may find information about SSU's asbestos management program on the University's web site at <http://www.sonoma.edu/ehs/hazmat/asbestos/>.

It is of utmost importance to the University to meet the legal standards for maintaining a safe and hazard-free environment for our campus community. To this end we are forwarding the testing results for your independent review. Please apprise us promptly if any test results we have submitted that do not comply with your regulatory standards.

We continue voluntary monthly building air sampling, Communication to employees, and any procedural enhancements identified through the process.

If you have any questions, please do not hesitate to contact me either at my office 707-664-2932 or my cell 707-486-1360.

Sincerely,

Craig Dawson, CHMM  
Director of Energy/ Environmental Health & Safety
