Students with medical conditions, allergies, or disabling conditions must be accommodated for all field trips and off-campus class activities. This may mean finding alternative activities to learn the same information. Faculty will provide, in advance, specific information to students regarding the type and rigors of the trip/class activity (e.g. miles to be covered, elevation change, terrain, etc.). Students are then responsible for identifying the need for modifications or alternative activities. The disability resource center is available for suggestions and assistance in negotiating adaptations.

It is important that both students and supervising faculty be aware of their respective responsibilities to exercise due care in planning for, and participating in, field trips, other off-campus class activities and other off-campus events-including adequate preparation for medical services as a result of sickness or injury occurring during field trips or other off-campus class activities. Sonoma State University and the State of California do not provide coverage for medical costs incurred by students. The CSU system maintains a very limited "injury only" policy for enrolled students participating in school-sponsored activities away from campus. All participants should complete this form.
