March 22-May 5

DINO DAYS

*Use your sales code and save!

Sink your teeth into prehistoric fun as dinosaurs and ancient plants spring to life. See, hear, and walk among realistic life-size dinosaur models that move and roar and learn how these massive reptiles adapted for life on land. Become a paleontologist for the day while digging for dinosaur fossils in the sand, discover real ancient plants like ferns and cycads that still grow today, and learn how fossils help scientists piece together the past.
