NEW FEATURES

Roth Contribution Option
Roth contribution option is now available in the 403(b) Plan. The Roth option allows a participant to make after-tax contributions to their Fidelity account and withdraw those contributions and accumulated earnings tax-free (subject to the terms of the plan). By contrast, traditional contributions are made on a pre-tax basis decreasing taxable earnings the current tax year and the taxes are taken when funds are withdrawn. Investment options are the same for both pre-tax and post-tax contributions.

More information on the Roth is available at netbenefits.com/calstate. Select “Plans & Investments”, “Plan Basics”, “Roth Contributions”. Participants who are logged in to their account will see a Roth “tile banner” on the home page.

Fidelity Portfolio Advisory Service at Work
The Portfolio Advisory Service is a team of investment professionals who actively research CSU plan options and rebalance participant workplace savings based on personal information. Fidelity will partner with the participant to create a plan eliminating the time and effort of managing investments.

Participants may call Fidelity at 800-343-0860 for further information. Participants may also login to their account, select “Investments,” and navigate to “Portfolio Advisory Service.” To get started, click on “View Your Proposed Strategy.”
