

Looking for a great summer experience?

Want to do something fun and challenging and get paid for it?

Are you looking to distinguish yourself for college?

Are you a high school junior interested in science, technology, engineering or math?

Consider being a part of the

Summer High School Internship Program

Offered by the Sonoma State University School of Science & Technology and the Sonoma County Office of Education

<http://www.sonoma.edu/scitech/hs/>

What is it?

Sonoma County high school juniors (entering their senior year) work with research faculty at Sonoma State's School of Science & Technology on interesting and cutting-edge research projects — and earn a \$1,000 stipend.

Want to apply?

More information, project descriptions, and application forms are available from your Science Department chairperson or online at <http://www.sonoma.edu/scitech/hs/>

☑ Applications are due Monday, April 8, 2019 by 4:00 pm.

2019 Project Areas

- Astronomy
- Biology
- Chemistry
- Computer Science
- Electrical Engineering
- Nursing
- Physics
