

Summer High School Internship Program (SHIP)
SSU School of Science & Technology • Sonoma County Office of Education

Teacher Recommendation Form Instructions

The Science, Technology, Engineering, and Mathematics (STEM) Summer Internship program at Sonoma State University is offered to high school juniors who have demonstrated interest and ability in science and/or mathematics. Fifteen students will be selected to spend at least 4 weeks this summer working with faculty members at Sonoma State University. Appropriate candidates must be excellent students with a passion for learning about and doing science, technology, engineering and/or mathematics.

Your candid assessment is of great value to the selection committee and to the success of the program. Please complete the form on the following page, sign it and **return it to the student in a sealed envelope.**

Student packets are due at SSU on **Monday, April 8, 2019** at 8:00 am.

Thank you for your help!
