Please Note:
SSU Student Health Center Hours are M-F 8am -5pm excluding campus holidays & closures
Extended Hours until 5:30 pm Mondays may occur when academic year classes are in session. Call for details.

SHC Summer Hours, services & fees may vary.

Students should be prepared to seek off-campus services when medical needs fall outside the scope, staffing, or hours of SHC operation as well as once the student is no longer regularly enrolled at SSU.

Individuals are financially responsible for their own off-campus health care. It’s often more cost effective to seek non-emergency care at a community or urgent care clinic than at a hospital emergency room.

Regularly enrolled SSU students are eligible to receive basic medical services at other CSU Student Health Centers during the regular academic year.
