Assigned Seating Area for guests with disabilities or mobility limitations
Assigned Seating Area for guests needing an American Sign Language interpreter
Parking in Lot G with valid disable placard.

The Commencement area is within walking distance of parking areas. Graduates and guests should plan to provide assistance for those who have a disability or mobility limitations. This may include bringing walkers and wheelchairs.

Persons needing assigned seating may have one “family” helper sit with them in the Assigned Seating area. Volunteers with motorized carts can assist guests with limited mobility from parking Lot G, reserved for vehicles with valid disabled parking placards, to the Commencement Lawn/Assigned Seating area.

Arrangements for the Assigned Seating area must be made in advance and will be taken through the deadline of April 21 (to allow processing and mailing time.)

If you miss the deadline of April 21, please advise your family member who needs assigned seating, due to a disability or limited mobility, to go directly to the Assigned Seating area on Commencement day. Volunteers will make every effort to accommodate those who have not made advanced reservations for Assigned Seating, as space will be provided on a first-come first-serve basis.

Two passes for the Assigned Seating area and a campus map will be mailed after a reservation is received by the University Affairs Division. Deadline is April 21. To park in Lot G you must have a valid Disable Placard.

To request Assigned Seating, please complete and return this form to the University Affairs Division by April 21.
