

CURRICULUM VITAE

Glenn S. Brassington, Ph.D.

Assistant Professor
Department of Psychology
Sonoma State University
1801 E. Cotati Ave.
Rohnert Park, CA 94928-3609
Phone: 707-664-2111
Fax: 707-664-3113
glenn.brassington@sonoma.edu

Adjunct Clinical Instructor & Staff Psychologist
Department of Psychiatry and Behavioral Sciences
Stanford University School of Medicine
401 Quarry Road
Stanford, CA 94305-5719
Phone: 408-718-1151
Fax: 650-725-6247
gbrassington@stanford.edu

Birthplace: Sydney, Australia
Citizenship: United States of America

EDUCATION

- 2000-2002 **Post-doctoral Fellow**
Health Psychology and Biostatistics Training Program
National Heart Lung & Blood/ Complementary & Alternative Medicine Institutes
Stanford Center for Research in Disease Prevention
Stanford University School of Medicine
- 1999-2000 **Clinical Psychology/Behavioral Medicine Intern**
VA Palo Alto Health Care System, Palo Alto, California
- 1995-2000 **Doctoral Degree (Ph. D.) in Clinical Psychology**
University of Missouri-Columbia
Dissertation: Social support and exercise adherence among older adults.
Committee: Thomas M. DiLorenzo, Ph.D. (Chair), Abby C. King, Ph.D., Lizette Peterson-Homer, Ph.D., David McDonald, Ph.D., and Hal Williamson, M.D.
- 1993 **Master of Arts Degree in Psychology**
San Jose State University, San Jose, California
Thesis: Aerobic exercise and sleep quality in elderly individuals.
Committee: Robert A. Hicks, Ph.D. (Chair), Robert Pellegrini, Ph.D.,
and Bruce C. Ogilvie, Ph.D.
- 1985 **Bachelor of Arts Degree in Humanities**
with concentrations in Behavioral Studies and Philosophy
St. Joseph's College, Mountain View, California

PROFESSIONAL INTERESTS

- Assessment and treatment of severely mentally ill patients in forensic settings
- The practice of Clinical Health Psychology/Behavioral Medicine in medical settings
- Psychological performance enhancement in sport, performing arts, and business
- Complimentary and integrative medical approaches (mind-body-spirit) to healthy aging
- Using psychological theories (e.g., social cognitive theory) to predict and control adherence to health behaviors (i.e., exercise, diet, relaxation, sleep)

MEMBERSHIP IN PROFESSIONAL ORGANIZATIONS

- American Psychological Association
- Society of Behavioral Medicine
- Association for the Advancement of Applied Sport Psychology

CLINICAL EXPERIENCE

2004-present **Licensed Psychologist (California)** License Number: 19926

2004-present **Staff Psychologist & Adjunct Clinical Instructor**

Department of Psychiatry & Behavioral Sciences
Stanford University School of Medicine

Patients: Children, adolescents, and their families from diverse ethnic and socio-economic backgrounds.

Clinical Setting: Outpatient community clinic (Interdisciplinary team: psychiatric physicians and psychiatric residents).

Responsibilities: Assessment and treatments of children and adolescents with a variety of behavioral problems and eating disorders.

2004-present **Director, Mental Skills Training for Sport and Performance Program**

Department of Psychiatry & Behavioral Sciences
Stanford University School of Medicine

Patients: Adolescent and adult athletes, performing artists, and business professionals seeking to enhance their performance.

Clinical Setting: Outpatient consulting office.

Responsibilities: Teaching cognitive and behaviorally based mental skills (e.g., goal setting, relaxation response, and attention control) to enhance performance.

2004

Staff Psychologist

Stanford University Medical Center
Stanford University

Patients: Children and adolescents.

Clinical Setting: Inpatient hospital (Interdisciplinary team: psychiatry, nursing, nutrition, occupational therapy, social work).

Responsibilities: Assessment and treatment of adolescents admitted with medical complications due to an eating disorder.

- 2000-2002 **Post Doctoral Fellow**
Stanford Center for Research in Disease Prevention
Stanford University
Patients: participants in a variety of NIH and NIMH clinical trials on the influence of health behavior (e.g., exercise, diet, etc.) on physical and psychological well being.
Clinical Setting: Clinical trials research (Interdisciplinary team: medicine, nursing, epidemiology, biostatistics, and public health)
Responsibilities: Conduct research on the psychological factors related to adherence to exercise and the relationship between mind-body physical activity programs and healthy aging. Designed studies and consulted with research staff on the best way to promote patient adherence to health behavior regimens prescribed in their studies.
- 1999-2000 **Behavioral Medicine & Clinical Psychology Intern (APA approved pre-doctoral internship)**
VA Palo Alto Health Care System, Dept. of Psychology & Behavioral Medicine
Training Director: Antonette Zeiss, Ph.D.
Patients: Adult military veterans and their families who were inpatients in the homeless veterans program or inpatient psychiatry as well as patients living in the community. Patients from diverse ethnic and cultural backgrounds (e.g., Asian, Latino, African American, Native American, European American, and sexual minorities).
Clinical Setting: Outpatient hospital clinic (Interdisciplinary team: physicians from a variety of specialties including psychiatry, cardiology, physical medicine & rehabilitation, anesthesiology, oncology, and immunology; pharmacology; nursing; nutrition; occupational therapy; physical therapy; respiratory therapy; and social work).
Responsibilities: Psychological assessment, brief neuropsychological assessment, and treatment of patients suffering from a wide range of psychological problems including depression, anxiety, PTSD, sexual dysfunction, substance dependence, and chronic pain. Conducted pre-surgical mental preparedness assessments and made recommendations to surgeons about patients' readiness to undergo organ transplantation. Provided consultation and training to physicians and medical residents as a member of interdisciplinary treatment teams in primary care, andrology (sexual medicine), and cardiology/CHF clinics.
- 1998-1999 **Health Research Specialist**
VA Palo Alto Health Care System, Department of Geropsychiatry
Supervisor: Javaid I. Sheikh, M.D.
Patients: Middle aged and elderly patients diagnosed with schizophrenia, schizoaffective disorder.
Clinical Setting: inpatient and outpatient psychiatric facilities
Responsibilities: Coordinated a Lilly Pharmaceutical Company sponsored medication (Olanzapine vs. Risperidone) trial to evaluate the effects of these

drugs on negative symptoms of schizophrenia in middle aged and elderly schizophrenic patients. Conducted neuropsychological assessments, clinical interviews, and clinical diagnostic tests including the BPRS, SANS, PANNS, and AIMS. Recruited patients from inpatient and outpatient settings for the drug trial.

1998

Behavioral Medicine Summer Intern

VA Palo Alto Health Care System, Dept. of Psychology & Behavioral Medicine
Supervisor: Judith Chapman, Ph.D.

Patients: Adult military veterans and their families who were inpatients in the homeless veterans program or inpatient psychiatry as well as patients living in the community. Patients from diverse ethnic and cultural backgrounds (e.g., Asian, Latino, African American, Native American, European American, and sexual minorities).

Clinical Setting: Outpatient hospital clinic (Interdisciplinary team: physicians from a variety of specialties including psychiatry, cardiology, physical medicine & rehabilitation, anesthesiology, oncology, and immunology; pharmacology; nursing; nutrition; occupational therapy; physical therapy; respiratory therapy; and social work).

Responsibilities: Assessment and treatment of patients suffering from depression, anxiety, sexual dysfunction, and chronic pain.

1997-1998

Clinical Psychology Intern

Fulton State Hospital, Biggs Forensic Center, Fulton, MO.

Supervisor: Mike Stacy, Ph.D. & Eric Martin, Ph.D

Patients: Chronically mentally ill patients, violent sexual offenders, patients unable to proceed to trial, and patients found not guilty by reason of insanity of mental defect (NGRI)

Clinical Setting: Inpatient maximum security psychiatric facility (Interdisciplinary team: psychiatry, nursing, social work, nutrition, occupational therapy, pharmacology)

Responsibilities: Pre-trial admissions assessments, NGRI evaluations, clinical diagnostic interviews, and case management. Conducted group and individual cognitive behavior therapy focused on communication skills, assertiveness training, and managing positive and negative symptoms of schizophrenia. Participated in the implementation of a comprehensive social learning program developed by Gordon Paul and Colleagues that required extensive assessment of patients and staff primarily using the Time Sample Behavior Checklist (TSBC), the Clinical Frequency Recording System (CFRS), and the Staff Resident Interaction Chronograph (SRIC)

1997

Clinical Psychology Intern

Rusk Rehabilitation Center (Pain Management and Biofeedback Program)

University of Missouri-Columbia School of Medicine

Department of Physical Medicine & Rehabilitation

Supervisors: Kristofer Hagglund, Ph.D. & Thomas Witty, Ph.D.

Patients: Outpatients suffering from chronic pain and a broad range of psychological problems such as depression, anxiety, and history of childhood sexual abuse.

Clinical Setting: Outpatient clinic in a rehabilitation hospital.

Responsibilities: Outpatient assessment, psychotherapy, and biofeedback.

1996-1998

Psychology Graduate Student Clinician

Psychological Services Clinic

University of Missouri-Columbia, Department of Psychology

Supervisors: Jeremy Skinner, Ph.D., & David DuBois, Ph.D.

Patients: members of the university and local community suffering from depression, anxiety, and relationship problems

Clinical Setting: Outpatient community clinic

Responsibilities: Outpatient therapy with adults and couples.

1993-1994

Exercise Adherence and Relapse Prevention Counselor

Stanford Center for Research in Disease Prevention

Stanford University School of Medicine

Supervisor: Abby C. King, Ph.D.

Responsible for weekly exercise counseling phone calls designed to increase adherence to exercise programs and reduce relapse into a sedentary lifestyle.

Pre-Graduate

1987-1992

Crisis Counselor

Provided suicide and crisis counseling by telephone.

Suicide and Crisis Services, Santa Clara County, California

1985-1987

Youth and Young Adult Counselor

Designed and implemented psycho-educational programs for adolescents and young adults.

St. Christopher Catholic Church, San Jose, California.

1985

Crisis Counselor

Provided counseling for adolescents who were wards of the court.

Right of Passage Adolescent Treatment Program

Reno, Nevada.

1982-1985

Juvenile Counselor

Provided counseling for adolescents and their families who were having trouble adjusting to a juvenile detentions facility or who were suicidal.

San Jose Juvenile Facility, San Jose, California

SPECIALIZED CLINICAL TRAINING/WORKSHOPS

- 2000 **Three-day workshop: "Health Education and CVD Risk Reduction."**
Presenters: faculty from the Stanford Center for Research in Disease Prevention
Stanford University School of Medicine
- 2000 **Two-day symposium: "ADHD, Violence and Aggression and Anxiety."**
3rd Annual Symposium on Developmental Approaches to Psychopathology
Presenters: faculty from several US Universities and the Division of Child and
Adolescent Psychiatry
Stanford University School of Medicine
- 1999 **Three-day conference: "African Americans: Research and Policy Perspectives
at the Turn of the Century."**
Stanford University
- 1999 **One-day workshop: "An interdisciplinary approach to end of life care."**
Presenters: faculty and staff from the VA Palo Alto Health Care System and
Stanford Geriatric Education Ctr, Division of Family and Community Medicine.
- 1998 **Half-day workshop: "Multi-Cultural issues in psychotherapy."**
Presenters: Fulton State Hospital, MO, psychology staff.
- 1997 **One-day workshop: "Cognitive-Behavioral Treatment of Panic Disorder."**
Presenter: Michelle Craske, Ph.D.
- 1997 **One-day workshop: "Cognitive Therapy for Emotional Disorders."**
Presenter: Mark Reinecke, Ph.D.
- 1996 **Two-day workshop: "Short-term therapy for the long-term client."**
Presenter: Arthur Freeman, Ph.D.
- 1993 **Pre-conference Continuing Education Seminar**
"The Clinical Application of Mindfulness Meditation in Behavioral Medicine"
Meeting of the Society of Behavioral Medicine, San Francisco, California
Presenters: Jon Kabat-Zinn, Ph.D., & Saki F. Santorelli, Ed.D.
- 1991 **Preconference Continuing Education Workshop**
"Sexual Ethics in Sports Psychology Consulting"
Association for the Advancement of Applied Sport Psych., Savannah, Georgia.
Presenters: Carole Oglesby, Ph.D., & Bob Rotella, Ph.D.

HONORS

- 2000-2002 **National Research Service Award**
National Heart Lung & Blood Institute, National Institutes of Health
- 2001 **Competitive Research Paper, Prize Winner**
Innovative Approaches to Understanding and Influencing Physical Activity
The Cooper Institute, Dallas, Texas
- 2001 **Fellow at the 27th Ten-Day Seminar on the Epidemiology and Prevention of
Cardiovascular Disease**
American Heart Association. Tahoe, California
Faculty: Drs. Arnett, Burke, Feldman, Barrett-Connor, Criqui, Finnegan, Franklin,
Goff, Howard, Kumanyika, Fulton, Goldberg, Kaplan, Labarthe, Lewis, Mulvihill,
Mensah, Pearson.
- 1994 **James L. McGaugh/San Jose State Univ. Student Scholarship Award**
Western Psychological Association
- 1992 **College of Social Sciences Alumni Scholarship Award**
San Jose State University
- 1989-1990 **Nominated to the Academic Freedom and Professional Ethics Committee**
San Jose State University
- 1985 **Dean's List, St. Joseph's College, Mountain View, California**

GRANTS

- 2002 **RISC CAP mini grant (2,500)**
Sonoma State University
- 1993 **Graduate student research award-- Principal Investigator (\$2,500)**
San Jose State University Foundation
- 2000 **Faculty Grant for Undergraduate Research--Principal Investigator (\$15,000)**
Stanford University

TEACHING EXPERIENCE--UNIVERSITY COURSES

- 2002-present **Instructor of record**
Department of Psychology
Sonoma State University

Introduction to Counseling
Psychology of the Person (Developmental Psychology)
Psychology of the Body (Health Psychology)
Peak Performance Psychology
Introduction to Research Methods
Child Psychology

2001-present **Instructor of record** (co-instructor Hans Steiner, M.D.)
Department of Psychiatry & Behavioral Sciences
Stanford University
Mental Dimensions of Sport and Performing Arts

2001-present **Instructor of record**
Continuing Studies Program
Stanford University
Excellence Is No Accident (Psychology of Performance)
Psychology of the Body

1998 **Instructor of record**
Department of Psychology
San Jose State University
Introduction to Research Methods

1996-1997 **Instructor of record**
Department of Psychology
University of Missouri-Columbia
Research Methods in Psychology II

TEACHING EXPERIENCE--UNIVERSITY TEACHING ASSISTANTSHIPS

1988-1990 **Graduate Lecturer / Teaching Assistant**
Business and Professional Ethics
San Jose State University, Department of Philosophy
Supervisors: Rita Manning, Ph.D. & Scott Cook, Ph.D.

TEACHING EXPERIENCE--INVITED WORKSHOPS (not including 2004-2006)

2003 **Parenting the Young Athlete**
Sports Medicine and the Young Athlete
Hospital for Special Surgery
New York, New York

- 2003 **Preventing Psychological Problems through Mental Skills Training**
Sports Medicine and the Young Athlete
Hospital for Special Surgery
New York, New York
- 2000-2003 **Power Sleep**
Numerous workshops that helped participants improve the quality of their sleep through the modification of cognitive, behavioral, and environmental factors. Each participant developed and implemented a personalized sleep improvement program and assessed the results with a 7-day sleep diary.
Stanford Center for Research in Disease Prevention
Health Improvement Program
Stanford, California
- 2002 **Psychological Dimensions of Athletic Injuries**
Pediatric Sports Medicine Conference
Oakland Children's Hospital
Monterey, California
- 2002 **Mental Skills Training and the Young Athlete**
Oakland Children's Hospital
Pediatric Sports Medicine Conference
Monterey, California
- 2001 **Integrating Behavioral Change Strategies into Complementary and Traditional Medical settings in the Germany Health Care System**
Workshop presented to medical faculty and other health care providers with the purpose of providing these medical professions the tools to design and evaluate health behavior change programs in the German Health Care System.
Department of Internal and Integrative Medicine
University of Essen, Essen Germany
- 2001 **Peak Performance in Work, Sport, Performing Arts, and Life**
Workshop helped participants apply mental skills used by elite athletes and performing artists to enhance their performance in various areas of their life. Some of the mental skills that participants learned included: goal setting strategies, relaxation drills, concentration techniques, and visualization.
Stanford Center for Research in Disease Prevention
Health Improvement Program
Stanford, California
- 2001-2003 **Parenting the Child Athlete**
Workshop helped parents more effectively foster self-confidence, moral development, and life skills in their children who are participating in sport.
St. Martin of Tours School

San Jose, California

- 1999 **Brief-focused Health Behavior Change**
Series of lectures to cardiology and pulmonary health care professionals. The purpose of these lectures was to provide participants the necessary tools to foster lasting changes in the health behaviors of their patients.
Missouri/Kansas Cardiovascular and Pulmonary Rehabilitation Conference
Kansas City, Missouri
- 1998 **Changing Behavioral Risk Factors for Disease: A Workshop for Medical Professionals**
Half-day workshop presented to medical faculty, staff, and medical residents with the purpose of providing these medical professionals with tools to facilitate health promoting and disease preventing behaviors in their patients.
Department of Family & Community-Medicine
St. John's Mercy Medical Center, St. Louis, Missouri
- 1998 **Motivation to Change: How to get it, keep it, and give it away**
7th Annual Patient Education Conference
Sinclair School of Nursing
University of Missouri-Columbia
- 1997 **Changing Health Behavior: Assessing and Fostering Readiness to Change**
6th Annual Patient Education Conference
Sinclair School of Nursing
University of Missouri-Columbia
- 1996 **Increasing the Adoption and Maintenance of Health Promoting Behaviors.**
Presented to nurses and medical staff
Department of Health Promotion
University of Missouri-Columbia Hospital

TEACHING EXPERIENCE--INVITED LECTURES

- 2005 **Enhancing Creative and Athletic Performance: The Psychology & Psychiatry of Sports & Performing Arts (co-presenter Hans Steiner, M.D.)**
Taught parents mental training techniques that they could use to help their children improve their athletic, artistic, and academic performances.
Lucile Packard Children's Hospital
Palo Alto, CA
- 2003-2004 **Promoting Adherence to Health Promoting Behaviors: Exercise**
Taught medical professionals (physicians, nurses, health educators) techniques they could use with their patients to promote participation in health promoting behaviors such as physical activity.

Stanford Heart Health Network
Stanford Prevention Research Center

- 2001 **Psychological Skills Training**
Numerous addresses presented to Stanford athletic teams, local athletic associations, and parent groups. Lectures were for approximately 1.5-2 hours in length and contained information about applying psychological strategies to the enhancement of athletic and academic performance.
- 2001 **Principles of Success or How to Finish the Masters Thesis**
Taught motivational strategies and stress management skills that would aid students in the completion of their Masters Thesis.
San Jose State University
- 2001 **Facilitating Health Behavior Change in Medical Settings**
Undergraduate Course in Health Psychology
San Jose State University
- 2000 **Championship Parenting the Child Athlete**
St. Martin of Tours School, San Jose, California
- 1995 **Ethics in Scientific Research: More than human subject's approval**
Undergraduate Honors Seminar, Advanced Research Methods & Experimental Design
San Jose State University
- 1993 **Ethics in Scientific Research: More than human subject's approval**
Undergraduate Honors Seminar, Advanced Research Methods & Experimental Design
San Jose State University
- 1992 **Interventions to reduce performance anxiety in competitive sports**
Undergraduate Seminar in Sport Psychology
San Jose State University

TEACHING EXPERIENCE--CONSULTING

- 2001-present **Stanford University and Community Athletes**
Numerous presentations and workshops to athletic teams at Stanford and in the surrounding community.
Director of the Mental Skills Training Program
Stanford University School of Medicine
- 1998-present **University Athletic Teams**

Provided consultation to several collegiate athletic teams about mental skills training, team cohesions, and coaching.

2000-2001 **Santa Clara Unified School District**

Provided consultation about evaluating the new health standards that had been implemented in the school district. Provide guidance on designing a scientifically valid program evaluation including appropriate measurement design, statistical analyses, and report writing.

2000-present **US Track & Field**

Provided clinical sports psychology assessment and interventions with elite junior track and field athletes identified by US Track & Field as future Olympic competitors.

2000-present **Lucile Packard Children's Hospital at Stanford**

Provided consulting about statistical analysis and manuscript editing for several studies that examined the impact of high school and college sports participation on mental and physical health

RESEARCH POSITIONS AND RESEARCH ASSISTANTSHIPS

2000-2002 **Post-doctoral Fellow**

Stanford Center for Research in Disease Prevention
Stanford University School of Medicine

Conducting research on health promotion and disease prevention in older adults. Involved in three randomized controlled trials of physical activity: 1) comparing the physical and psychological effects of aerobic exercise versus Tai Chi exercise, 2) comparing the effectiveness of a computer-delivered exercise counseling system versus human telephone counseling to promote exercise adherence, and 3) comparing the effect of aerobic exercise versus health education on older adults' sleep. Other activities include conducting pilot studies on reducing sedentary activity and assessing sleep in caregivers. Weekly seminars are conducted on ethnic minority health, disease epidemiology, community health interventions, clinical trials, CVD prevention, and ethics.

Faculty: John W. Farquhar, M.D., Stephen Fortmann, M.D., Christopher Gardner, Ph.D., William L. Haskell, Ph.D., Abby C. King, Ph.D., C. Barr Taylor, M.D., Tom Robbins, M.D.

1995-1997 **Co-Project Coordinator/Research Assistant**

Department of Psychology
University of Missouri-Columbia,
Supervisor: Thomas M. DiLorenzo, Ph.D.

Studies examining the attitudes of primary care physicians toward mental health workers in the managed care environment. Conducted a meta-analysis of the effect of work place smoking bans on smoking behavior. Responsibilities included study design, staff management, data analyses and report writing (Funded by the Arthur Foundation).

1993-1994 **Project coordinator**

Stanford Center for Research in Disease Prevention
Stanford University School of Medicine
Supervisor: Abby C. King, Ph.D.

Employed full-time. Responsibilities included participant recruitment (media campaign), staff management, implementing interventions, data collection, data management, data analysis, and report writing.

Study 1: examined the effects of an exercise intervention on immune system functioning, blood pressure reactivity to caregiving stress, and psychological well being among older adult caregivers (Funded by the National Institute of Aging).
Study 2: examined the effects of an exercise intervention on sleep quality in older adult men and women. (Funded by the Andrus Foundation).

1992-1994 **Research Assistant**

San Jose State University, Department of Psychology
Supervisor: Robert A. Hicks, Ph.D.

Designed and implemented studies that examined variables associated with poor sleep in college students (Funded by the National Institute of Mental Health).

1992-1993 **Research Assistant**

San Jose State University, Department of Psychology
Supervisor: Gregory J. Feist, Ph.D.

Designed and implemented studies that examined the relationship between parenting and subjective well-being in college students (Funded by San Jose State University)

NON-ACADEMIC ACHIEVEMENTS

- Coached junior tennis players who were nationally ranked and received University Tennis Scholarships (1988-2002).
- Practiced the martial arts of Aikido, Judo, and Kung Fu (1988-present).
- Practiced the Eastern physical and mental practices of Yoga, Tai Chi, Qigong, Zen meditation. (1983-Present).
- Owned and operated a successful health promotion & fitness consulting company for 5 years in the San Francisco Bay Area (1988-1993).
- Coached and managed a United States junior tennis team during their tour to compete in six countries across Europe (1986).
- Achieved a Top 10 ranking in singles and #1 ranking in doubles in Northern California Men's Open tennis (1980-1983).
- One of the top ranked junior tennis player in Australia before coming to the United States at age 16 to attend college on tennis scholarship (1980).
- Competed in professional tennis beginning at age 16 (1980).
