PARENT PERMISSION
for Child Participation

SSU Student __________________________________________

A student in the Education Specialist teacher credential program at Sonoma State University (SSU) is learning how to administer educational assessments. The student would like your permission to administer assessments to your child. Since these are practice sessions, the results are not valid for making educational decisions regarding your child's educational program. An assessment report will be submitted to the University instructor and presented in class. Your child's name will not appear in the report so that results remain confidential.

Please check one of the following and return this form directly to the SSU student or to your child's classroom teacher.

_____ Yes, my child has my permission to participate in this project.

_____ No, my child does not have my permission to participate in this project.
