Dear WGS majors and minors:

In an effort to provide the best academic advising possible, we have instituted a new departmental policy. Each WGS major and minor will have an assigned faculty advisor.

You are strongly encouraged to contact your advisor for an advising session at least once each semester. You are required to bring your transcripts (from SSU and any other universities) to your advising session. A copy of your most recent unofficial SSU transcript (available on-line) is acceptable for advising purposes. Advising occurs during faculty drop-in office hours and by appointment with your advisor. Remember that you are ultimately responsible for staying on top of your requirements, not the faculty. We are here to be of assistance to you.

See below to find your advisor and their contact information. The advisors are assigned by the first letter of your last name. For example, if your last name is Adams, your advisor will be Professor Brooke Lober.
