WOMEN’S AND GENDER STUDIES COURSES

255. Introduction to Queer Studies (4 units) (Fall)
This interdisciplinary course offers an introduction to the field of Queer Studies by analyzing the role of race, gender, sexuality, and nationalism in the social construction of modern gay, lesbian, bisexual, transgender, and queer (GLBTQ) identities. Students also learn of queer theoretical approaches to politics, culture, and society. Satisfies GE Area D1.

280. Women’s Bodies: Health and Image (4 units) (Fall and Spring)
This course examines research and theory about the health and body image concerns of women across race, ethnicity, sexuality, and class throughout the life cycle. This includes health advocacy, gendered representations, women’s health movements, the gender politics of medical research, and sexual and reproductive health. Satisfies GE Area E.

285. Men and Masculinity (4 units) (Fall and Spring)
This course examines construction of masculinity across axes of race, sexuality, class, nation, and ability. Utilizing a multidisciplinary perspective, this course addresses various theories of masculinity and masculinity’s impact on peoples lives in areas such as relationships, media representation, work, culture, development, and health. Satisfies GE Area E.

301. Gender Studies Lecture Series (1-4 units) (Fall)
A weekly lecture series (or occasional workshops) offering presentations and discussions of current issues from feminist and/or queer perspectives. There is usually a semester-long focus on a particular topic. The lectures are open to the community. May be repeated for credit.

302. Queer Studies Lecture Series (1 units) (Spring)
A weekly lecture series offering presentations and discussions of ethical, literary, activist, intellectual, and artistic approaches to society and culture from lesbian, gay, bisexual, transgender, and queer perspectives. The lectures are open to the community. May be repeated for credit. Satisfies GE Area C2.

311. Special Topics in Women and Gender Studies (1-4) (Fall and Spring)
A variable-topics seminar focusing upon intensive study of issues related to WGS in society. May be repeated for credit with different topic.

325. Youth: Gender Perspectives (3-4 units) (Once every other year)
This course examines youth, focusing on the complex interconnections of gender, race/ethnicity, social class, sexuality, and other factors in understanding the experiences and social conditions of youth in the U.S., as well as the methodological issues that arise in conducting research on youth. This course requires community service learning.

330. Psychology of Women (3-4 units) (Spring)
An exploration of the psychology of women, with attention to issues of power and conflict, intimacy and dependence, special concerns in therapy for women, and the impact of race, class, ethnicity, and sexual preference on women’s psychological development. Originates in Psychology. Cross-listed as PSY 404.

350. Gender, Sexuality and Family (3-4 units) (Fall and Spring)
An exploration of changing ideals and practices of gender, sexuality and family life in the United States, drawing especially on recent feminist scholarship. Topics for reading and discussion will focus on both women and men. Fulfills upper-division GE Area E (The Integrated Person).

360. Gender, Race and Performance (3 units) (Fall)
This course explores how contemporary theater artists construct cultural identity, with a particular focus on gender, sexuality, race, and ethnicity. Students engage in both written analysis and performance work. Topics covered include culturally specific modes of ritual, belief, and performance; representation of mixed-race identities; and
oppressive and resistant strategies in casting and production. Cross-listed as THAR 375.

365. Women’s History and Women’s Activism (3-4 units) (Spring)
This course will take an activist-historical perspective on the history of American women. We will study historical figures, events, and movements central to the history of feminist activism for equality and social justice. The class will address the politics of writing women into history and documenting the diversity of women’s activism. Cross-listed as HIST 345.

370. Gender in Asian America (3-4 units) (Once per year)
This interdisciplinary course examines gender, race, class, and sexuality in Asian America. We consider how Asian American women and men fit into debates about sexism and racism in the United States - historically and contemporarily. Topics include Asian American participation in women’s/civil right movements as well as popular culture representations. Cross-listed as AMCS 370.

375. Gender, Race and Class (3 units) (Fall and Spring)
An exploration of the intersection of gender, race, and class in the lives of U.S. women and men through a historical approach to the formations of social and political movements, the construction and policing of identity categories, and demands for equality and justice. Satisfies GE Area D1 (Individual and Society) Meets Ethnic Studies requirement.

380. Gender and Social Movements (3 units)
Social movements organized around gender issues and identities are significant sources of social change in modern societies. This course analyzes the structure and dynamics of social movements based on gender, with attention to the roles of organizations, resources, leadership, recruitment, commitment, values, ideology, political culture, and counter movements. Case studies will emphasize the women’s suffrage movement, the women’s peace movement, the feminist movement that began in the 1960s as well as its offshoots and counter movements, the gay and lesbian rights movement, and recent men’s movements.

385. Gender and Globalization (3-4 units) (Once per year)
This class will use an interdisciplinary approach to explore how gender, race, class, sexuality, nation, and colonialism intersect locally and globally and to understand how gender shapes the lived realities of women worldwide. We will frame our analyses within an understanding of the processes of globalization and global communities.

390. Gender and Work (4 units) (Spring)
This course explores intersections of gender, race, class, immigration, and nation within the U.S. labor market. We examine situations facing workers across economic sectors ranging from professionals to service sector labor. Topics may include: juggling work and family, discrimination/harassment, welfare reform, globalization, and activism/resistance to workplace challenges. Prerequisite: WGS 255, 280, 285, 350, 375 or instructor consent.

395. Community Involvement Program (1-4 units)
The purpose of CIP is to encourage student involvement in the community. Units may be earned for work related to WGS. Cr/NC only. May be repeated for credit.

399. Student Instructed Course (1-4 units)
An introductory or advanced course designed by a senior or graduate student and taught under the supervision of faculty sponsor(s). Cr/NC only.

405. Psychology Of Gender (4 units)
Explores gender through a social psychological perspective. Topics include gender socialization, the structural function of gender stereotypes, masculinity, and gender discrimination. Course originates in the Psychology Department and is cross-listed as PSY 405.

425. Feminist Research Methods (4 units) (Fall)
A feminist critique of traditional methods of constructing knowledge and research practices and a discussion of gender-inclusive research strategies. Students will be given instruction in library and electronic information...
430. Women and Crime (4 units)
An in-depth analysis of women/girls and crime in the field of criminology and criminal justice. The class examines the significance of gender in pathways to crime as well as the nature and extent of female offending, victimization, and incarceration. The course focuses on feminist theory and methodology. Prerequisites: course restricted to WGS Majors and Minors. Course originates in CCJS, and is cross-listed as CCJS 430.

440. Sociology of Reproduction (3-4 units) (Once per year)
An exploration of sociological perspectives on human reproduction. Topics include reproduction and gender identity, the social implications of reproductive technologies, historical and contemporary perspectives on normal pregnancy and childbirth, the cultural context for breastfeeding, and the politics of reproductive rights and choices in the United States. Cross-listed as SOCI 440.

449. Gender and Sexuality in Latin America (4 units)
This course examines changing definitions, institutions, and behaviors related to gender, sexuality, and the family in Latin America from indigenous civilizations to contemporary societies. Topics include the transition from European colonies to nation-states, and the social, economic, and political changes in Latin America. Course originates in History Department and is cross-listed as HIST 449.

451. Feminist Perspectives in Literature (4 units)
Feminist Perspectives is an advanced course in reading, writing, and research that will engage feminist perspectives in literature. This course is interdisciplinary in approach and is conducted in a seminar format. May be repeatable once for credit. This course is a cross-list with ENGL 451.

455. Queer Theory, Queer Lives (4 units) (Spring)
This interdisciplinary course offers advanced work in queer studies by looking at the production of theories about same-sex sexualities in history, culture, and politics. The course presents queer theory in conjunction with critical race theory, feminist theory, and post-colonial studies. Cross-listed as HIST 447.

475. Contemporary Feminist Theory (4 units) (Fall)
This course examines both historical and contemporary trends in feminist theory. Students examine how feminist theory might address the complex relationship between race, ethnicity, gender, sexuality, class, and nation as they relate to the production of knowledge, the implementation of theory and practice, and social change/activism. Prerequisite: WGS 255, WGS 280, WGS 285, WGS 350, or WGS 375.

485. Senior Seminar (4 units) (Spring)
This course provides WGS students an opportunity for advanced study on a special topic each semester (determined by instructor). The seminar format allows students an intensive experience and heightened responsibility for course content. The course should be taken during the student’s senior year. Prerequisite: WGS 475.

492. Syllabus Design (1 unit) (Fall and Spring)
Students work on an individual basis with a faculty member to develop reading materials, lecture and discussion topics, and assignments appropriate to the teaching of a specific student-taught course in women’s and gender studies. Student-taught courses must be approved by the coordinator, and students must follow established procedural guidelines for teaching in the women’s and gender studies program. Most student teachers are required to take WGS 492 before teaching, and WGS 493 while teaching. May be repeated for credit.

493. Teaching Supervision (1 unit) (Fall and Spring)
Students acting as teaching assistants or student-teachers enroll in this to gain professional skills development with a faculty member.

495. Special Studies (1-4 units)
Upper-division students may elect to do an independent research or action project under the direction of a women’s and gender studies faculty member. May be repeated for credit.
499. Internship (1-4 units)
Supervised training and experience for advanced students in community agencies concerned with women’s and men’s issues and gender change. Student teaching of a student-taught University course is another form of internship. At present we offer credit (and not a grade) for student teaching and off-campus projects. Internships may be paid.

500. Seminar in Feminist Theory and Research in Social Sciences (3 units)
A survey of feminist critiques of social science theory and research in various disciplines (depending on student interest) -- anthropology, history, political science, psychology, and sociology. A survey of feminist attempts to reformulate and transform social science theory and methods, including debates and disagreements among feminist scholars. Requirements will include an individual research project and analysis. Prerequisite: at least one course in a social science and at least one course that focuses on women or gender (course may be at graduate or undergraduate level).
