Call to Order. Dr. Ruben Armiñana Board Chair determined that a quorum was present (refer to Record of Attendance for June 3, 2003). The Board Chair made the following general comments:

- **Commencement 2003** was conducted on May 31 with approximately 1,400 graduates participating out of 2,000 students eligible. The Board of Trustees of the California State University and Sonoma State University conferred the honorary degree of Doctor or Humane Letters to Dr. Bernard Goldstein and Mr. Edward R. Stolman. Dr. Goldstein, who will be retiring from SSU on June 30, 2003 after 35 years of service to the CSU in a multitude of positions, was the 2003 commencement speaker.

- Dr. Eduardo Ochoa has accepted the position of Vice President for Academic Affairs/Provost and Chief Academic Officer and will resume his duties on July 1, 2003. Dr. Ochoa is currently serving as the Dean of the College of Business Administration at California State Polytechnic University, Pomona.

- **FY 2003/04 CSU Budget** continues to be shaped as California State budget is debated in Sacramento. SSU is presently planning for a $4 to $5.5 million reduction to its operating base budget. SSU’s final FY 2003/04 will not be known until such time as the Governor approves a state budget act.

  Enrollment for the academic year 2003/04 will be directly impacted by the final budget. Given the degree of uncertainty at this time and that a final budget will be known until July or later, the greatest impact will be to the spring 2004 semester.

- **Green Music Center** project has achieved 70% of the goal of obtaining collateralized pledges in the amount of $18 million. Focused development efforts in attaining the final 30% continues.

2. FY 2003/04 will be the last full year of SSUAF administered grants and contracts segment. Two contracts with the California Department of Transportation will expire on June 30, 2004.

3. The plan proposes an unrestricted transfer of $35,000 to the President of Sonoma State University and $10,000 to the Provost for the purpose of augmenting other resources that may accrue to both campus executives to carry out public relations activities. SSUAF Policy 00-02, Expenditures for Discretionary and Public Relations, governs the intent and uses of this transfer.

4. The FY 2003/04 plan proposes a transfer of funds to Sonoma State University for grants and contract administration. The transfer amount is proposed contingent upon the general expenditure plan being actually achieved. Transfers are initiated monthly, based upon monthly Indirect Cost Revenue billed with a final transfer occurring during the fourth quarter (April - June 2003) of FY 2003/04 upon confirmation of actual revenues and expenditures incurred.

5. Consistent with SSUAF Working Capital Reserve policy (SSUAF Policy 02-02) a minimum of $50,000 in fund balance is required as a working capital reserve. The expenditure plan estimates a June 30, 2004 fund balance of $68,000 and meets the reserve policy requirement.

IV. Development Report.

A. A brief discussion of the letter distributed by the Development Office regarding the suspension of endowment income for FY 2003/04 ensued. It was recommended that consideration be given to directing annual contributions normally made to an endowment fund be made directly to the specific endowment income account for FY 2003/04. This tactical action would enable the continuation of scholarship and operating purposes for which the endowment was created during this one-year period.

B. Byron Blois, Director of Development, Principal Gifts and Academic Programs provided a briefing of activities focused on the academic schools. Significant items were;

- Based on a survey of the school deans there are approximately 65 needs that are not currently funded. This needs identified by the survey will be used to guide school-based development efforts.
- Initiatives to support Pre-College programs, the Wine Business Program, the Holocaust Lecture Series, and remodeling of Education’s conference room have begun.
- A development course titled “Fundraising 101” has been created to assist the deans, faculty and staff in their individual fundraising efforts.
C. The 2003 Green Music Festival activities have generated over $284,000 of donations, cash and in-kind. Over $26,000 in scholarships are available for awarding to participants in the educational component called Green Farm of the Festival program.

D. A one page SSUAF Board Survey was distributed to members seeking comments and perspective covering a wide range of topics centered on board member participation. Members were requested to return their completed survey to the Development Office.

Stuart Jones and Dr. Armiñana thank the board members for continuing support of Sonoma State University and their overall contributions to the Foundation.
