Many of the department’s graduates have started their careers with major financial institutions, corporate businesses, government, and nonprofit organizations. They find employer preferences for well-trained economics majors as budget analysts, management trainees, marketing specialists, program planners, teachers, and a wide variety of entry-level jobs in which employers expect a person to be able to apply systematic thinking and analysis.

Learning Objectives

Objectives Specific to Economics

Students are required to:

• Articulate an understanding of economic terms, concepts, and theories;
• Identify subjective and objective aspects of economic policy;
• Use both qualitative and quantitative reasoning to analyze social and economic issues; and
• Demonstrate an awareness of current and historic economic issues and perspectives.

General Skills

In the course of meeting the objectives specific to economics, students are expected to acquire and demonstrate:

• Critical-thinking abilities;
• Communication skills; and
• Quantitative and information-based skills.

Relating Knowledge to Values

Students are expected to acquire and demonstrate:

• An awareness of global, historical, and institutional economic issues; and
• Understanding of choices and values behind economic policy formation.

Bachelor of Arts in Economics

The curriculum and teaching program of the department are designed for students who seek employment in the public or private sector upon graduation and those who wish to pursue graduate studies in economics, business, public administration, law, and other fields.

Prerequisites
Majors must complete a math/statistics requirement (MATH 165, BUS 211 or equivalent) as a prerequisite for the upper-division core courses in the major.

Major Core Requirements
ECON 204 Introduction to Macroeconomics 4
ECON 205 Introduction to Microeconomics 4
ECON 304 Intermediate Macroeconomic Theory 4
ECON 305 Intermediate Microeconomic Theory 4
ECON 317 Introduction to Econometrics 4
Two 400-level economics seminars not used in a field concentration or advisory study plan 8

Total units in the major core 26-28
Field concentration or advisory study plan 15-16
Total units in the major 41-44

B.A. Field Concentrations
An economics major may select one of the following concentrations, which are designated on a student's transcript and diploma. Please see an advisor for details of each of the following concentrations:
- Managerial Economics
- Labor and Public Economics
- International Economics

B.A. Advisory Study Plans
Instead of a field concentration, economics majors may focus their course work beyond the required core courses in an advisory study plan. These plans are not designated on diplomas, but completion can be certified by a letter from the department chair. Please see an advisor for details or to develop a specialized plan.

Minor in Economics
Students may qualify for a minor in economics by completing the 20-unit program listed below. The minor will be recorded upon request in the student's official records.
ECON 204 Introduction to Macroeconomics 4
ECON 205 Introduction to Microeconomics 4
ECON 304 Intermediate Macroeconomic Theory 4
ECON 305 Intermediate Microeconomic Theory 4
Upper-division economics course (excluding internships and tutoring) 4

Total units in the minor 20

(One of these courses must be ethnic studies.)

TOTAL UNITS: 120

Double Majors
Students with majors in disciplines such as business, environmental studies and political science will find that adding an economics major provides them with a breadth of background that is viewed favorably by graduate professional programs and employers.

Students interested in any double major with economics should consult with their Economics Department advisor.

Graduate Work in Economics and Related Fields
Economics majors planning graduate work in economics, business, or public administration should take one or more courses of calculus and linear algebra, probability theory, ECON 404, 405 and 417. Consult with an advisor to plan accordingly.
