Early Childhood Studies Mission Statement

“The Department of Early Childhood Studies prepares knowledgeable and caring professionals who are committed to contributing to a just society through high-quality education and social services for all children and families.”

Major in Early Childhood Studies

The Bachelor of Arts Degree in Early Childhood Studies provides students with the knowledge, skills, and dispositions needed to work effectively with children in early childhood (birth to age 8). Students will study multi-disciplinary theories, research, and best practices in early care and education, with an emphasis on socio-cultural factors that affect learning and development. They will learn how to use theories and research from anthropology, child development, education, health, psychology, sociology, and multicultural studies to promote the cognitive, social, emotional, and physical development of diverse young children. Students study the science of assessing children’s growth and development, acquire skills in effectively communicating with families and community partners, and prepare themselves to be leaders and advocates on behalf of all children and families. The ECS program is built upon the tenet that young children are learning everywhere, all the time, and especially through their play.

Concentrations

Students majoring in Early Childhood Studies must choose a concentration in either Early Childhood Education or Early Childhood Development at the time of declaring the major.

Early Childhood Education

The Early Childhood Education concentration prepares students for a career in an early education setting, including:

- Infant, toddler, and preschool teacher
- Administrator of an early education program
- Support services in agencies that serve young children and families
- Elementary teacher (requires completion of a post-baccalaureate Multiple Subject credential program)
- Special Education teacher (requires completion of a post-baccalaureate Special Education credential program)

Early Childhood Development

The Early Childhood Development concentration prepares students for a career working with young children and families in non-education settings. Students work with an advisor to prepare for a career in entry-level positions in social services or for graduate school in counseling, social work, child life specialist, etc.

Additional information about the Early Childhood Studies Department and the School of Education can be found at www.sonoma.edu/education.
Prerequisites to the Early Childhood Studies Major

The major is impacted. Starting Fall of 2017, students wishing to sign up for the major are required to have a GPA of at least 2.5 and must have completed EDEC 201 with a grade of C+ or higher. Transfer students must have a GPA of at least 2.5 and 3 units of transferable early childhood coursework with a grade of C+ or better.

First Time Freshmen will be admitted according to the impaction criteria published at SSU Admissions Impacted Major Criteria for First Time Freshmen

Meeting with an Early Childhood Studies Advisor

If you have questions after reading through this packet, or if you wish to meet with an advisor about the Early Childhood Studies major, please contact an Early Childhood Studies advisor. If you are changing your major or if you are currently “undeclared,” pick up a “Change of Major” form from Admissions and Records (2nd floor of Salazar Hall) and bring it to your first meeting with your advisor. To find your assigned advisor, please see the last page of this packet.
