STEP 4: ROOM SELECTION PLANS

If you are interested in Gender Inclusive Living, check the box.

If you plan on selecting a space just for yourself during room selection, just proceed to “Next Step”.

Roommates: We are collecting the names of potential roommates for planning purposes only. If by chance you and your friends are offered space during the first round of Room Selection each resident will need to create their own Roommate Code which will be given to the individual completing the Room Selection process March 22-24. If you are offered space later in the process, it will be more difficult to accommodate groups of students wanting to live with each other. To see how to add roommates review the next screen below.
To add a roommate, follow the instructions to search and then click “Select”. You can add up to 5 individuals.

FINISH!
Congratulations you have successfully reapplied.
You will receive one automatic email upon completing this process confirming your application has been saved.

THANKS FOR REAPPLYING.
We highly recommend that you continue to check your Seawolf email account to make sure you are not missing any deadlines.

Upcoming Dates:
March 2, 11:00 pm to 1:00 pm: Open House. Meet at the Beaupiais Community Building to get information about the different floor plans and to tour actual apartments.
March 8: Offers for campus housing will be emailed to residents. If you are offered a space, your email will indicate your lottery number for Room Selection March 22-24. You will need to make a payment at that time by following the instructions on your email. If you are not offered a space, you will receive a waitlist number. Waitlisted students are not eligible to participate in the Room Selection process.
