Case Study Guidelines

This assignment asks you to polish, revise, update and supplement information concerning the student you have been working with in Key Concept Papers 2-6. The Case Study should have seven sections. Sections should be clearly delineated for the reader with section headings or dividers. Sections will be evaluated based on the following criteria:

Section 1: Background Information and Assessment Plan (KC 2)
__ General background information about your student is presented
__ Questions about the student’s academic achievement are shared
__ An assessment plan is presented

Section 2: Results of Assessment Work (KC 3)
__ Formal (at least 1) and informal assessment (at least 3) data is shared
__ Data is interpreted offering reasonable education conclusions

Section 3: Instructional Plan (KC 4)
__ An instructional plan is presented that lays out areas for skill acquisition, remediation, and/or development of compensatory skills
__ Annual goals and benchmarks are presented in at least two areas

Section 4: Sample Instructional Materials (KC 1)
__ General description of curriculum used with this student
__ At least 3 student work samples are shared

Section 5: Accommodations and Modifications (KC 5)
__ Description of adaptations/accommodations you recommend to facilitate and support your student’s access to learning
__ Modifications rationale if applicable

Section 6: Transition Plans (KC 6)
__ Description of planning to make changes and/or transitions successful (i.e. promotion to a new grade, new teacher/classroom, new school, planning for post secondary education, etc)
__ Listing of agencies and/or support organizations who you are collaborating with to make transitions successful (i.e. County Social Services, Social Advocates for Youth, California Dept of Rehabilitation, Probation Department, etc.)

Section 7: History and Reflections
__ KC Papers 1-5 are included with accompanying checklists/comments
__ Reflections are shared about you the learning you’ve obtained through this project
__ Other relevant materials (optional)
